

undertaken and settled a long-term and previously intractable issue. Its settlement was an achievement unparalleled in California and U.S. water history.

As recently as 2003, Joe was chairman of two coordination committees to oversee the concrete lining of the Coachella Canal and All-American Canal in southern California to reduce seepage which will conserve thousands of acre feet of water annually. The projects are key components of an agreement reached on the allocation of Colorado River water among competing entities in the state and helped resolve issues among states who are parties to the Colorado River Compact.

Joe's Iowa farm experience served him when he applied his engineering expertise to develop cultivation techniques in the cultivation of his walnut farm near Hanford, California. His agriculture leadership was recognized as he was the first recipient of the Merriam Improved Irrigation Award and induction into the University of Iowa's College of Engineering's Distinguished Engineering Alumni Academy. Joe's local contributions include serving on the Hanford Community Foundation.

Joe was an inspiration and mentor to young people interested in hard work, achievement and having an impact on their chosen professions. His friendship and expertise are greatly missed.

THE 11TH ANNUAL WORLD CONGRESS ON CIVIC EDUCATION

HON. HENRY A. WAXMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2007

Mr. WAXMAN. Madam Speaker, I am proud to recognize the 11th World Congress on Civic Education, which will take place in Buenos Aires, Argentina, May 17–21. The conference, hosted by Conciencia Argentina and the U.S.-based Center for Civic Education, will welcome delegates from over 60 countries, including leaders of civic education organizations throughout the world. Participants will discuss best practices for imparting the knowledge, skills, and values necessary for democratic citizenship to students living in established and emerging democracies.

Through a national and international network of individuals, organizations, educational institutions, and governmental agencies, Civitas International Programs have responded for more than a decade to the wave of democratization sweeping through Eastern Europe, the former Soviet Union, Africa, Asia, and Latin America. Civitas International Programs are directed by the Center for Civic Education and funded by the U.S. Department of Education under the Education for Democracy Act. They are implemented by the U.S. State Department and USAID, in cooperation with nongovernmental and governmental institutions in the United States and abroad.

The goals of the Civitas International Programs are to:

Acquaint international educators with exemplary curricular and teacher training programs in civic education developed in the United States and other participating nations.

Assist international educators in creating, adapting, implementing, and institutionalizing

effective civic education programs in their own countries.

Create and implement civic education programs for students in the United States that will help them better understand the history and experiences of both established and emerging democracies.

Facilitate the exchange of ideas and experiences in civic education among educational, governmental, and private sector leaders in the United States and other countries.

Encourage independent research and evaluation that will determine the effectiveness of civic education in providing students with the knowledge and character traits essential to the preservation and future progress of democracy.

I applaud the outstanding achievements of the Civitas International Programs, and wish the delegates to the 11th World Congress on Civic Education much success in their continued efforts throughout the world in developing a political culture supportive of democratic values, principles, and institutions.

CONGRATULATING PAM SCHMIDT

HON. THOMAS G. TANCREDO

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2007

Mr. TANCREDO. Madam Speaker, dedicated and passionate teachers are vital to the education and development of our future generations. Today, I am honored to recognize Ms. Pam Schmidt, an eighth grade science teacher, in Aurora, Colorado. Ms. Schmidt is a recipient of the 2007 Amgen Award for Science Teaching Excellence for her exceptional efforts and commitment to provide her students with an outstanding science curriculum.

Ms. Schmidt, the 1997 Colorado Teacher of the Year, seeks to inspire her students to explore the world around them by providing hands-on experiences such as collecting fossils in the Badlands of Wyoming or caring for one of the 47 classroom snakes. Through her efforts and example, Ms. Schmidt has helped foster a love of science and provided a better learning environment for her students.

The Award for Science Teaching Excellence is given by Amgen, an internationally known biotechnology company with branches in Colorado. The Amgen Award for Science Teaching Excellence is given to teachers in public and private schools whose dedication to imparting a love of learning and interest in science to the future generations. The recipients are selected by an independent panel that judges the applicants on effectiveness and creativity of teaching methods and how they plan to use the grant money to further science education in their schools.

PAYING TRIBUTE TO RICHARD MORGAN

HON. JON C. PORTER

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2007

Mr. PORTER. Madam Speaker, I rise today to recognize Richard Morgan for his service of 10 years as founding Dean of the William S. Boyd School of Law at the University of Nevada Las Vegas.

Dean Richard Morgan has overseen the development of the Boyd School of Law. His vision and commitment to academic excellence, as well as his talents as an academic administrator allowed the Boyd School of Law to receive full American Bar Association accreditation in five years, a truly incredible accomplishment.

Prior to becoming Dean of the Boyd School of Law, Morgan contributed to the legal profession in a number of different forums. From 1972 through 1980, Morgan served as an Associate, and later Partner, at the law firm of Krueger & Marsh in Los Angeles, California. In 1980, Morgan dedicated himself to the study of law and became an Associate Professor of Law at Arizona State University in Tempe, Arizona. In 1983, Morgan was named Associate Dean of Arizona State University, a position

he held until being offered a position as Dean and Professor of Law at the University of Wyoming College of Law in 1987. In 1990, Morgan returned to Arizona State University as a Dean and Professor of Law and remained there until taking up the audacious task of founding the Boyd School of Law at the University of Las Vegas in 1997. The Boyd School of Law has produced over 800 graduates who have gone on to effect change in the communities in which they work as public servants, community leaders, legislators, and advocates.

Madam Speaker, I am very proud to recognize Dean Richard Morgan. His contributions to the legal profession and his leadership at the Boyd School of Law are commendable. I thank him for his service to the University of Las Vegas community and with him the best in his future endeavors.

HONORING WILLIE "BILL"
IVERSON GOLDEN

HON. JACK KINGSTON

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2007

Mr. KINGSTON. Madam Speaker, I rise today to commend and recognize Bill Golden, an outstanding Georgian who has dedicated his life to the betterment of society through his involvement in higher education and public service. Bill has been a friend and ally in working towards a brighter future for my constituents and the people of Georgia.

For the past sixteen years, Bill has served as the Director of Governmental Relations for the University of Georgia in Statesboro, Georgia. During most of this time, he also served as Georgia Southern University's Foundation President as well as the Director of Development. During his tenure there, Bill helped obtain over both public and private funding for many initiatives and spearheaded a government relations program between the university and Georgia's congressional delegation.

Before coming to Georgia Southern University, Bill worked at the University of Georgia's Cooperative Extension Service, providing administrative support for the development and implementation of a statewide program in international trade and development and provided leadership for all counties in Georgia. He also served as an Assistant County Agent for Twiggs County, Georgia and worked to improve the county's 4-H and youth program. In addition, Bill aided in the development of the consulting firm Economark, Inc. which was developed to provide technical assistance in the area of economic and community development.

Bill's extensive leadership ability has also translated into his community involvement. For instance, he has served as the Director for Bulloch County Chamber of Commerce, President of the Alumni Society for Middle Georgia College, and chair of the 13-State Advisory Committee for the Southern Rural Development Center. He has also served as President and Board Member of the Certified Public Managers Association, a member of the Board of Directors of Georgia Industrial Developers Association, and the Vice President, representing the first congressional district, Board of Managers for The University of Georgia Alumni Society.

In light of Bill's outstanding record of commitment to others and dedication to excellence, it is with great pleasure that I rise in his honor. As Bill enters retirement I wish him continued happiness and success.

CONGRATULATING CAROLYN
CRAPO

HON. THOMAS G. TANCREDO

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2007

Mr. TANCREDO. Madam Speaker, dedicated and passionate teachers are vital to the education and development of our future generations. Today, I am honored to recognize Ms. Carolyn Crapo, a high school physics teacher, in Aurora, Colorado. Ms. Crapo is a recipient of the 2007 Amgen Award for Science Teaching Excellence for her exceptional efforts and commitment to provide her students with an outstanding science curriculum.

Ms. Crapo seeks to inspire her students to explore the world around them by providing hands-on. Through her efforts and example, Ms. Crapo has helped foster a love of science and provided a better learning environment for her students.

The Award for Science Teaching Excellence is given by Amgen, an internationally known biotechnology company with branches in Colorado. The Amgen Award for Science Teaching Excellence is given to teachers in public and private schools whose dedication to imparting a love of learning and interest in science to the future generations. The recipients are selected by an independent panel that judges the applicants on effectiveness and creativity of teaching methods and how they plan to use the grant money to further science education in their schools.

IN HONOR OF WALTER PARKER

HON. JACK KINGSTON

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2007

Mr. KINGSTON. Madam Speaker, I rise today to commend and recognize Walter Parker an outstanding Georgian and statesman. Walter has long been recognized by the citizens of Tybee Island and Chatham County for the vital role that he has played in community leadership and his deep personal commitment to the welfare of the residents of Tybee Island.

This outstanding public servant loyally served as Mayor of Tybee Island for 16 years and contributed enormously to the beautification and preservation of the island and to the refurbishment of the island's endangered beaches. As demonstration of his commitment to Tybee Island, Walter Parker was actively involved in many beach revitalization programs affecting the area and he also appointed the first Tybee Beautification Commission. Walter served as a leading advocate for state-wide support for the rebuilding of the Tybee Island Pier and Pavilion and initiated a massive cleanup and repair project dedicated to Tybee's municipal buildings. His tireless efforts

resulted in a new spirit of community in preparation for Tybee's 1987 Centennial.

Walter's commitment to the residents of Tybee Island is further demonstrated by his service on and involvement with many local, state, and national associations, boards and committees affecting the development of the city, including the Savannah Area Chamber of Commerce and Governor's Comprehensive Plan for Georgia's Coasts.

As Mayor of Tybee Island he demanded excellence in public service from the city's vital service agencies. Walter's hard work and visionary spirit provided a framework upon which future generations could build and helped to preserve a strategic area of the State of Georgia for all to enjoy.

It has been my pleasure working with Walter for many years for the betterment of our common constituency and for all those who know and love Tybee. Throughout our friendship, Walter has proven to be an efficient, effective, unselfish, and dedicated public servant to his community and the citizens of this state. I extend to him my most sincere best wishes for continued success and happiness.

PERSONAL EXPLANATION

HON. MADELEINE Z. BORDALLO

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2007

Ms. BORDALLO. Madam Speaker, I was absent from the chamber during the morning of Friday, April 20, 2007. Had I been present for the seven rollcall votes taken on amendments to H.R. 1257, the Shareholder Vote on Executive Compensation Act, I would have voted "nay" on each one. This includes a "nay" vote on rollcalls numbered 236, 237, 238, 239, 240, 241, and 242.

HONORING MOTHER'S DAY AND
SUPPORTING THE BREAST CAN-
CER AND ENVIRONMENTAL RE-
SEARCH ACT OF 2007

HON. JAMES P. MORAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 10, 2007

Mr. MORAN of Virginia. Madam Speaker, I rise today to honor my mother and all the women in my life. On behalf of these women, I demand answers to the question of what causes breast cancer. This disease has impacted virtually every American's life. More than three million women are currently living with breast cancer, and each year tens of thousands of women die from this disease.

A woman in the United States has a 1 in 7 chance of developing invasive breast cancer during her lifetime—this risk was 1 in 11 in 1975. Breast cancer remains the second leading cause of cancer death among women. While important advances have been made, we still do not know what causes this disease, or how to prevent it.

Scientific evidence about whether the environment plays a role in the development of breast cancer is scarce. There is a clear need for research on the potential relationship between environmental factors and breast cancer, and federal commitment is critical to the
